📍 East Lansing, MI

📞 989-928-0134

✉ beaudinm@msu.edu

OBJECTIVE

Obtain internship or full time position as either a fullstack or frontend developer while studying to get a bachelors in computer science.

EXPERIENCE

Morley Companies Inc
Web Developer Intern
Jul 2016 → Current

`c#` `asp.net-mvc` `sql` `css` `sass` `bootstrap` `foundation` `javascript` `jquery`

- Maintained and added new features to company intranet using ASP.NET MVC 5.
- Developed frontend for Fortune 500 company event registration systems.
- Took large work load off of full time employees by allowing them to focus on other items.

Horizon IQ
Lead Developer
Jan 2017 → May 2017

`java` `android` `ios` `javascript` `typescript` `rabbitmq` `mongodb` `amqp` `node.js` `facebook graph api`

- Developed Android and iOS frontend using Uncle Bob's Clean Architecture.
- Worked on a team of two to help develop efficient backend using Node.js and RabbitMQ.
- Completed beta version of app before resigning due to location problems. (Living in Saginaw, working in East Lansing)
