Matthew Beaudin

Full Stack Developer

1524 Snyder Rd.
East Lansing, MI 48823
(989) 928-0134
beaudinm@msu.edu

NOTE: If you're a recruiter about to message me on LinkedIn, tell me your best joke first!

QUALIFICATIONS

- 3 years of professional experience as a developer
- Effective at spoken word and written communication
- Some of my favorite tools to use: C#, MS SQL, JavaScript, SASS/CSS, ASP.NET, Umbraco CMS, WinForms/WPF, Wordpress, Visual Studio
- Can type an average of 107 words per minute (huge fan of typeracer.com)

EXPERIENCE

Self Employed, East Lansing, MI - *Full Stack Developer*

October 2018 - Present

- Worked with companies such as Associated Orthopedists of Detroit, JumpStart DJs, Mechanical Contractors Association of Detroit, Rogers Athletic, Special Projects INC, Traction Brands, and Virid.
- Developed new features and maintained sites using Umbraco CMS (Open Source .NET CMS), PHP, JavaScript, and ASP.NET MVC 5.
- Learned to manage myself by using tools such as Toggl for time management, Trello for task management, and Wave for sending invoices and managing income.

Morley Companies Inc, Saginaw, MI - *Junior Full Stack Developer*

May 2018 - December 2018

- Maintained frontend for event registration systems for companies such as General Motors, Cadillac, Chevrolet, Hyundai, Liquidnet, and Aspen Dental.
  - Helped add features to automated process for compiling SASS code using Gulp.
- Maintained and added new functionality to company intranet using ASP.NET MVC 5.
- Began work on a Progressive Web App using Google's PWA standards. This app is to be sold to clients as a simple mobile app for their company events.
- Maintained development team's GitHub repositories by enforcing workflows and code reviews.

Morley Companies Inc, Saginaw, MI - *Web Developer Intern*

July 2016 - December 2017

- Maintained and added new functionality to company intranet using ASP.NET MVC 5.
    - Developed an "admin" portal where managers and writers could add content for employees to view.
    - Revamped photo/video gallery using modern optimization techniques.
    - Helped eliminate technical debt built up on the backend and in SQL databases.
- Developed frontend for event registration systems for companies such as General Motors (Cadillac, Chevrolet), Hyundai, Liquidnet, and Aspen Dental.
    - Condensed 5,000+ line long CSS file into a very organized SASS framework.

EDUCATION

Michigan State University, East Lansing, MI - *Experience Architecture*

August 2017 - Present

Delta College, Saginaw, MI - *General Education*

August 2016 - June 2017

Completed general education requirements to transfer in Fall 2017 as a sophomore.

Saginaw Career Complex / Heritage High School, Saginaw, MI - *Computer Programming / High School Diploma*

August 2012 - May 2016

Attended SCC for half a day for specialized curriculum in programming.

PERSONAL PROJECTS

OpenRCT2

July 2018

- An open source re-implementation of RollerCoaster Tycoon 2 written in C++.
- First open source project I've ever contributed to.

BatchResize

May 2016

- Created to take a directory full of images and resize them all to a specified size using a set resolution or scale.
- First desktop application project I've ever made public on my GitHub profile.
- Created using C#, WinForms, and tested using XUnit.

EXTRA-CURRICULAR ACTIVITIES

Triangle Fraternity, East Lansing, MI - *http://msutriangle.org*

December 2017 - Present

- Brother of the Michigan State University Chapter of Triangle Engineering Fraternity.
- Current Position: Webmaster (Spring 2018 - Present)
    - Developed website from the ground up using Wordpress, focusing on ease of development for future Webmasters.
    - Focusing on updating information and adding new features to site.

AWARDS

3rd Place in C# Programming at the Business Professionals of America Regional and State Competition 2016 (Qualified for Nationals but didn't go)
